To: Kapco Global Customers:

This letter serves to recognize Kapco Global of Tamarac, Florida (formerly AAXICO) and its related subsidiaries below, as an authorized stocking distributor for Sensors & Integrated Systems, a UTC Aerospace Systems business. Specifically, Sensors & Integrated Systems products distributed by Kapco Global include air data products and systems; temperature sensors; fuel quantity measurement systems; potable water systems; and specialty heater products - commercial application of Cage Codes 59885, 60678, 0AJJ0, 89305,12511.

This long-standing relationship dates back over two decades and has proven successful at further extending the global customer support reach of both companies. Sensors & Integrated Systems is confident that Kapco Global will continue to provide excellent support of both your routine and AOG spares requirements of our products. This also includes prompt turnaround of any necessary repairs carried out at our factory.

For any requirements you may have for our company's product lines, please direct your inquiries to the Kapco Global office nearest to you:
